SHERIFF AWARE OF TRAFFIC PROBLEM; UNABLE TO HELP

Sheriff H. P. Gleason this week informed the Centerville Chamber of Commerce that, although he is aware of the traffic problem in that community, his department cannot at the present time assume responsibility for the control of traffic on state highways.

The Chamber had requested the sheriff's department to assist in the enforcement of traffic laws after being informed that the California Highway Patrol did not have sufficient manpower.

The sheriff forwarded the letter from the Chamber to the Board of Supervisors asking that body to take some action.

PATROL RESPONSIBLE

In a letter to the supervisors, copies of which were sent to Commissioner Clifford Peterson of the California Highway Patrol, and the Centerville Chamber, Sheriff Gleason stated: "Their problem seems to arise from the heavy traffic on Highway 17. As you know, there has been an increase in the number of accidents and fatalities in that section during the past few months, and I feel that these people have a real problem.

"Last year the Chamber requested us to assist in such work and we did; that is, when we had men available for such service.

"I would like to point out to the Board of Supervisors that under the existing laws the State Highway Patrol, of course, is responsible for the direction of traffic and the enforcement of vehicle code sections.

"We are told that the Highway Patrol does not have the manpower, or that not enough of their manpower is allocated to the patrol of the highways. That is something of which I have no official knowledge.

"It is my opinion, however, that the sheriff's department of this county cannot assume responsibility for the control of traffic on state highways when such responsibility and authority is placed in another agency.

LEGISLATION IF NEEDED

"It is my belief that this situation should be brought to the attention of those responsible for the operation of the highway patrol and if it is not possible for that agency to efficiently take care of the situation that legislation should be instituted which would give the sheriff's department the authority to handle the problem.

"Until such time, however, I must repeat that I can not assume the responsibility for traffic control on Highway 17."

The members instructed their secretary to write to the supervisors urging that body to take whatever action is deemed necessary to relieve the problem here.

It was pointed out that with the completion of each new section of the Eastshore Freeway more and more traffic is being diverted onto that highway and then bottlenecked on the two-lane roads through this section of the township.

GRIDIRON SQUADS ELECT CAPTAINS

The Washington High varsity and lightweight football squads honored two members of each of their squads Tuesday by electing co-captains for the past gridiron season.

Elected to the honorary positions by the varsity squad were Joe Alexander, outstanding line-smashing fullback, and Richard Duarte, hard-hitting tackle and extra point converter for the Huskies. Both of the stars of this year's squad are members of the Senior class.

Two Juniors will receive the captains stars as the result of their being selected by their teammates. They were Richard Guerra, tackle, and Manuel Garcia, guard.

REDEMPTION OF $1,000 IN STADIUM SCRIP EXPECTED

Another $1000 in Washington High School Memoral Stadium scrip is expected to be redeemed this fall from gate receipts of the eight football games.

Warren Gravestock, president of the Stadium Executive Committee, said this week that the committee now has $839.85 on hand for scrip redemption, with the returns from two games yet to be added.

He revealed that approximately half of the $10,510 in scrip sold here for lighting the stadium has been redeemed in the first four years.

Organizations holding the scrip have informed the committee that theirs can be the last to be redeemed. Working on that basis, Gravestock stated that it is possible that all of the scrip held by individuals will be redeemed this year.

He pointed out that some persons have stated that they do not care to redeem their scrip, putting it down as a donation.

Since the stadium lighting project was completed, 60 per cent of the net receipts from the football games has been turned over to the committee for the redemption. The other 40 per cent goes into the student body fund.

Other members of the committee, in addition to Gravestock, are Tom Maloney, vice-president; Vernon Ellsworth, secretary; and L. S. Williams, treasurer.

MISSION CHAMBER NAMES CANDIDATES

Candidates for the positions as directors of the Mission San Jose Chamber of Commerce were nominated at Monday evening's meeting.

The candidates are Herman Medeiros, Jack Pereira, Maurice Marks, Michael Overacker, Jake Koelsch, Joe Reis, John Amaral, Brad Agrella, Roy Goularte, Leo Denning, Frank Vargas, Lois Bottenberg, Dorothy Koelsch, Manuel Fontes and Mrs. Roy Dean.

Nine directors will be elected at the December meeting and the directors will elect officers from among their group. The installation of officers will be held at the January meeting.

President Maurice Marks named two new committee chairmen: Roy Dean, parks and playgrounds, and Brad Agrella, Scouting.

The guest speaker of the evening was Glen Clegg of the Hayward office of the Pacific Telephone Company.

He explained how the company is endeavoring to meet the requests for additional service from this area and the plans that are being made for expansion of present facilities.

ANNUAL BAZAAR AT ST. JOSEPH'S CHURCH

The annual St. Joseph's Church bazaar at Mission San Jose will be held Friday and Saturday at the I.D.E.S. Hall.

Walter Zbyzenski, general chairman, has announced that the gala assortment of entertainment and refreshment booths will open each evening beginning at 8 p.m.

Proceeds of the affair will go into the buliding fund of the parish.

DELAY GRANTED IN LAROSE HEARING; DEFENDANT ILL

A letter from the physician of Mrs. Ruby Marcella LaRose, 29, of Oakland, was presented in Justice Court here last Friday stating that she was not well enough to appear in court for arraignment on charges of assault with a deadly weapon and intent to commit murder.

Mrs. LaRose is charged with shooting her former husband, Leonard Perry, 38, as he stood in front of his home on Oak Street in Centerville on November 3. Perry's life was spared when the bullet hit a metal crucifix he was wearing and ricocheted into the side of the house.

Lewis Yapp, a member of the law firm of James P. Boccardo of San Jose, appeared in court on behalf of Mrs. LaRose.

He stated that Mrs. LaRose had suffered a nervous breakdown since the shooting and said that the doctor had recommended a delay of three weeks for the court hearing.

Yapp said that he was not in a position to state whether his client would plead guilty or not guilty to the charges.

Judge Allen G. Norris set the date for plea for November 30 at 1:30 p.m. with the stipulation that if the plea is not guilty the preliminary hearing will be held the following Friday.

Mrs. LaRose is free under $5000 bail.

'GUESS WHO' QUIZ PROVES POPULAR

Which one of the members of your family have guessed the GUESS WHO last week? Did you know—before looking up the answer in the paper—that it was George Coit of Centerville?

Make a family quiz game out of it. Read it over to the family and see which one is the best "listener." For the GUESS WHO game is a test of your "listening" ability. If you listen attentively to people when they are talking you will pick up a lot of information about them that is interesting.

The following thumb-nail biography tells about a prominent township man.

GUESS WHO

Born in Fresno, he learned his present business by working with his father. His education was completed at a college in San Francisco.

In 1932 he took a tour of Europe with his family. They were over there about a year. His wife regrets the fact that the tour of Europe came before she met him.

He has an absorbing interest in racing cars. He has attended countless midget auto races and knows racing-car drivers all over the bay area. He hasn't attended a race at Indianapolis since he was a child, but is eagerly awaiting the day when he can.

He plays heavenly music, although he doesn't read a note. He plays the organ, piano, accordion and other instruments entirely by ear.

He is a great lodge joiner, and is a member of practically any lodge in the township you can mention.

Having just celebrated his "life begins" birthday last All Saints Day, November 1, he is now going around with that expectant look on his face.

NEWARK CHAMBER TO TALK BANKING

The monthly meeting of the Newark Chamber of Commerce will be held Tuesday at the Youth Center Building beginning at 8 p.m.

President Paul Gygax stated this week that James L. McElney, assistant cashier of the Wells-Fargo Bank, will be present to explain the services that his bank offers to independent banks.

Edward O'Mara, chairman of a committee named to endeavor to form a local bank, will give a report on the progress which has been made to date by the committee.

VERDICT TUESDAY IN BEATING CASE

The state presented its case against Joseph Perez, 23-year-old Oakland laborer charged with assault with a deadly weapon, before Judge E. A. Quaresma in Justice Court here Tuesday and then Deputy District Attorney Roy Pucci asked for and was granted a week's delay in pronouncement of the verdict.

Perez is alleged to have beaten Deputy Sheriff Calvin Nutting into unconsciousness with the handcuffs that had been placed on his wrists. He then fled from the scene, at 408 Eleventh Street, Decoto, but was captured in Oakland the following day.

Perez' attorney, Edward Grogan of Oakland, won his appeal for a reduction of bail from $2,500 to $1,000, pending the decision of the court next week.

SOUTHERN BRIDGE ADVOCATES BACK REFINANCING PLAN

Governor Earl Warren yesterday extended an invitation to officials and representatives of civic organizations of the six Bay Area counties to attend a meeting to study a proposal to repay approximately $9,000,000 taken from the state highway funds for construction of approaches to the San Francisco-Oakland bridge.

The meeting will be held with the California Toll Bridge Authority in Sacramento at 11 a.m. on November 27.

The mayors of San Francisco and Oakland have proposed that additional revenue bonds in the amount of approximately $80,000,000 be authorized.

They have recommended that the portion taken from the state general fund for the approaches, etc., be repaid and made available to finance the studies and surveys of an additional bay bridge.

George Herrington of San Francisco, bond counsel for the authority, has proposed that the new issue of bonds would be in series. The first series would be offered for sale and sold during next December covering only the refunding of the existing bonded debt of the bridge—$6,863,000, and its indebtedness to the State Highway Fund; $6,600,000 for the approaches authorized by legislation enacted at the time of the original financing.

A second series would also be authorized to provide $25,000,000 for construction of the proposed additional Posey tube between Alameda and Oakland and additional eastbay approaches.

Supporters of the move for a southern bay crossing are behind the proposal as it will make funds available to conduct the survey and studies for their proposed crossing.

IRVINGTON MAKES PROFIT ON SHOW

The Irvington Chamber of Commerce netted slightly more than $150 on its home talent musical-comedy "Going Places" which was presented last Thursday and Friday evening in the school auditorium.

Walter Connolly, chairman of the Chamber committee, stated that the community is deeply indebted to a few persons who gave freely of their time and efforts to make the show so successful. He paid particular praise to R. J. Wright, who played the lead role of "Uncle Billy," the stationmaster.

The members present at Tuesday's meeting voted to send a letter to the Alameda County Board of Supervisors asking that body to take whatever action is deemed necessary to bring about closer traffic control here.

It was also voted to co-sponsor the anual Christmas party for the youngsters along with the P.T.A. Walter Connolly and Gus Robertson were appointed by President E. M. Grimmer to head the Christmas lighting committee.

CHICKENPOX REPORTED

Five new cases of chickenpox in Washington Township were reported this week by the Alameda County Health Department.

TENANTS OF 'OLD TOWN' AT NILES BUY HOME SITES

Without exception residents of Old Town at Niles yesterday became the owners of the property upon which their homes are located.

Twenty-nine parcels of the property located between the San Jose-Oakland Highway and the Southern Pacific tracks were sold at public auction by the former owner, the City of San Francisco.

With but four exceptions, there was not competitive bidding against the tenants whose homes are constructed on the land. When the sale first opened, four persons bid against the tenants, but, failing to win out, soon gave up, leaving the sale of the remainder of the occupied lots virtually automatic to the tenant at the minimum price established by the city.

Bidding was brisk, however, for the vacant lots with one half-acre parcel selling for $3,600.

Although the total sale price for the 29 parcels was not announced, it far exceeded the $24,200 minimum set up by the city.

SANITARY DISTRICT BACKED BY CHAMBER AT WARM SPRINGS

A petition calling for a special election to annex Warm Springs to the Irvington Sanitary District is being circulated under the auspices of the Warm Springs Chamber of Commerce.

Bruce Michael, Chamber president, announced at last week's meeting that all persons opposing setting up the district or desiring to be excluded should also present their petitions.

A record crowd of 50 persons attended last Thursday's meeting for an open discussion of the proposal to form a sanitary district and annex to the Irvington District.

The need of improvement of sanitary facilities in the area was expressed by many present. They cautioned that the time is not far off when the outflow from septic tanks at the school and at private homes can no longer run onto neighboring property.

Harry Goodridge, engineer for the Union Sanitary District, told the Chamber members that annexation to the Irvington Sanitary District is the most economical solution to the problem.

NILES TROOP WINS BOY SCOUT RALLY

The annual Washington Township Boy Scout Rally was held at the high school auditorium Saturday night with only three of the seven local troops participating and but 36 spectators in the audience.

The Scouts of Troop 2 of Niles won the cup by chalking up a total of 85 points, followed by Centerville with 81.5 and Newark with 79.5 points.

The Niles troop won firsts in determining distance, knot tying, fire by friction, fire by flint and steel, and the mystery event.

First-place honors were won by the Centerville Scouts in the undress race, communication, knots and judging game.

The Newark Scouts won the first-place awards in yells and knots.

The opening address of welcome was given by Judge Allen G. Norris, president of the Oakland Area Boy Scout Council.

The attendance award for having the largest number of spectators present was won by the Newark troop.

Bureau Lists Local Census at 16,895

The population of Washington Township climbed a total of 3,844, or 29.5 per cent, from 1940 to 1950, according to the tabulations released this week by the U. S. Bureau of Census.

According to the official count the population of the township is now listed at 16,895, as compared with $13,051 for 1940; 12,711 for 1930; 8,494 for 1920, and 7,874 for 1910.

All townships of the county showed growth but the greatest gain was the unincorporated area of Eden Township.

Washington Township's total exceeded only Murray Township with 8,531 and Pleasanton Township with 5,865.

The population of the individual eight communities of the township was not listed but in instances where it has been requested by the Chambers of Commerce the figures indicated that the area within the highway town marker signs was all that was included. The remaining population was lumped under rural unincorporated.

Chambers of Commerce have pointed out that none of the increased population in the major housing tracts was tabulated as the homes were not completed and occupied in time for the census tabulation. Included in that category would be the Hillview Crest tract at Decoto and the Orchard Park and Centerville Acres tracts at Centerville.

TOWNSHIP CLEANERS IN NEW QUARTERS

The Township Cleaners, the township's oldest cleaning establishment, will move into new quarters in Irvington this weekend, according to the owners, Ed and Madeline Haynes.

The plant will move from 125 Mission Street to the larger building at 137 Mission Street.

Haynes, who has owned and operated the business for the past 20 years, said this week that he has also purchased a new Martin Cleaning unit and the firm will now do its own cleaning of garments.

"We will now be able to complete the whose process of cleaning, pressing and altering in our own shop, thus affording residents of the township speedier service," Haynes said.

SPECIAL ELECTION MONDAY IN NEWARK SCHOOL DISTRICT

A special apportionment election termed the last remaining obstacle before construction of the remaining portion of the Newark School can begin, will be held at Newark on Monday.

The polls, located at the school building, will be open from 8 a.m. until 5 p.m.

J. I. MacGregor, district superintendent, stated this week that the State of California has made funds available for constructing the second half of the new school. However, before construction can begin, voters must agree to accept an additional sum of $60,000 from the state.

The plans for the building have been approved by all state and county agencies; the money has been made available by the voters of the Newark School District and State of California, and steel has been made available by the Federal Government.

The election was found necessary because rising building costs have boosted the cost of the structure above the estimate made last year when the various clearances were first sought. For that reason it has become necessary for the voters to express their willingness to accept the additional $60,000 from the state.

All residents of the district have been urged to vote.

MacGregor said that he is hopeful that the issue will pass and that construction can get underway before the first of next month.

The school is now holding sessions in the old building, which has been condemned from an earthquake-proof standpoint.

The old building will be razed under the terms of the contract.

TELEPHONE CONVERSATION WITH SON IN JAPAN

Mr. and Mrs. A. E. Alameda of Irvington enoyed the thrill last week of talking with their son Pfc. Melford Alameda who is stationed in Japan.

He told his parents it took approximately three hours for the telephone call to get through.

"It was just as clear as though he had been talking from another town here in the township," Mr. Alameda said.

The call was received here about 8:15 p.m. but it was 1:15 p.m. the following afternoon in Japan.

Matilda Enos attended as a new member. There were 26 members present. Mrs. Connie Cipraino was nominated as clothing project leader as Marie Williams has been ill. A collection of pennies for Friendship will be collected at every meeting.

DANCE TOMORROW

Let's see now. I have several reminders before I continue this chit-chat. Are you planning to attend the V.F.W. Paul Rivers Post of Alvarado dance tomorrow night, Nov. 17? You are, fine. Remember Roy Baptiste and his orchestra will be there also to blend in with that Hawaiian atmosphere the dance committee has provided. Have fun.

MORE SERIOUS

And now to the more serious side is the reminder of that most important day in November. It's Nov. 19, Blood Bank Day. Come on, residents of Decoto, take a fast spin to the Niles Grammar School between 10 a.m. and 5 p.m. and give a pint of that blood that you won't even miss. Remember it may save a life.

ON SICK LIST

On the sick list this past week has been Laura Martinez. We know how much you hate being in bed, Laura, and here's hoping you will be well soon.

My sympathy goes to the family of Jesus Delgado who will be missed very much by all of us.

Second, you get longer truck life. Even the smallest International pickup truck has the traditional stamina that has kept Internationals first in heavy-duty truck sales for 19 straight years.

You get these all-truck savings right along with features that no other pickup truck gives you. For example—the **COMFO-VISION CAB** is "the roomiest, most comfortable cab on the road." The Silver Diamond engine is an outstanding development of the world's largest exclusive truck engine plant. Super-steering gives you maneuverability and ease of handling that make driving a pleasure.

But get all the facts for yourself. Come in and learn why International pickup trucks are the best truck value in pickups today.

SURVEY LAUNCHED HERE FOR NEED OF YOUTH SERVICES

Plans have been launched for a citizens' survey of services to children and youth in Southern Alameda County, it was announced yesterday by the Honorable A. T. Shine, judge of the Alameda County Juvenile Court.

Initiated by the Alameda County Committee for the Prevention of Juvenile Delinquency and approved by the County Board of Supervisors, the survey will cover all phases of activities for and by children and youth.

The survey will seek to determine: (1) What the existing facilities and services are, (2) how these existing programs can be strengthened and improved, and (3) what the unmet needs of the youth population are.

Dr. Milton Chernin, dean of the University of California School of Social Welfare and chairman of the Delinquency Prevention Committee, stated that the survey was deemed necessary as a result of the increased urbanization of this part of the county.

"The rapid growth in population has created many problems in the area of youth welfare, and nowhere does there exist a detailed set of facts concerning these problems, existing facilities and unmet needs," said Judge Shine.

Mrs. W. B. Petersen, chairman of the survey committee, anticipates that the study will take a period of several weeks. The survey will cover: Education, health, welfare, group work, church, recreation, employment, probation and law enforcement, civic organizations, community organizations and public information.

Serving on the committee in Washington Township are: Father Ralph Duggan, Decoto, group work; Mrs. Allan Walton, Centerville, community organization, and Mrs. Bruce Michael, Warm Springs, welfare.

JOINS FIGHT FOR TRAFFIC CONTROL

State Assemblyman Francis Dunn Jr. this week joined with Chambers of Commerce of Washington Township in the campaign for the installation of traffic control lights at the intersection of Highways 17 and 9 at Warm Springs.

In a letter to Frank B. Durkee, acting director of the Department of Public Works, Dunn stated, "You are perhaps not fully aware of the extreme hazardous conditions which prevail at the intersection . . . "

Dunn went on to state, "I believe that regardless of any future plans for highway developments in the vicinity of Warm Springs that at least a flashing caution signal and stop signal should be immediately installed before the coming winter adds its inevitable toll of death and injury to the people who use Highways 17 and 9."

All animal life is protected in national parks.

Hillview... and You

By FRANK VONDERWERTH

Seems there is someting going on all the time. Well, the taxes as they are and all other things being the same, I herewith offer this for your approval and hope any future comments you may or will have come to our attention and one and all will be happy.

INTRODUCTION

Being that something new on the job, I do really feel I should introduce myself, give you my habits (naturally the good ones), where I make my habitat and other information that may interest you for this first time. Now, should anything come up that you would like to read please contact me at 1343 Carroll Drive. So you're new here too. Carroll Drive is at the very end of Lafayette. When you are down this far (you can't go any further unless you are a train), turn left. Keep this in mind; you're almost there. The biggest problem is yet to come. No numbers on the houses. Well, we are the green one.

Hope everyone has that location. And just as soon as the phones come we'll put the number in and then there will be no excuse.

MAIL DELIVERY DEPT.

I sure don't know what they told you about your letters, but the information they gave me was: "As soon as there are fifty per cent we will receive our mail like the city guys." Well, last time I was over the post office way, I asked and they said there are now fifty per cent in so maybe one of these days we will see a real live mail man. God bless 'em. On the other hand, the next time you are over there, you ask 'em and there is a possibility we may give the stone a little push.

COMING UP IN THE WORLD

with all our new streets. Sure is nice riding on smooth roads again. And besides, who can find their way around in the dark? Remember when they were paving the main entrance, whow, what a mess. An idea came to me the other day, how about a sign in Hayward telling the rest of the world where we are? You know, turn left here, then nine blocks and make a U turn and there you are.

SUGAR AND SPICE

A little girl came to our house this morning and asked if she could play with our little daughter. My little girl is only five months old and as yet does not do much playing outside. But that's not the idea. It is never too early to find some way, somehow, some place for the kids to have a safe place to play, and more so to have a lot of kids playing together. We sure would like to have some suggestions from you good people on this idea as I think it is a good one indeed.

COME TO MY HOUSE if you know the number, that is. Was down to see about this the other day and the man said it would be a month or so before we would have the numbers. Seems there aren't any in stock. That doesn't bother me as much as the little light does. Sure wish I could turn it off until the numbers come.

EATING TIME

Ever take the wife shopping around here? What a problem. Every time we buy a can of baby food, up to Haymont I go. Not that I want to mention any names, but the fellows are sure swell up there. And while I have been making all these trips, I have been keeping tab on the gas and the miles. From the main gate to Haymont and back again (note how quickly I pass over the spelling) is a little under eight miles. Now, if you have to make this trip four or five times a week, man, you are ready for another lube job on that old car of yours.

CHAPTER, THE LAST

I want to thank you for your time in reading this little bit of news. Both you and I hope it will improve, and I can assure you it will in the future. But, we will need cooperation. Let me know when something happens that interests you, because it will interest all others too. We'll put it down and all will see it and have more to say. So, come on, one and all, this is your news, and your section in this weekly newspaper. See you next week, same station.

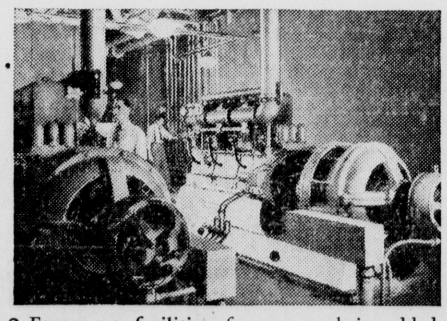
Air Defense Filter Center: Telephone lines link these vital air defense radar posts.

UNITING THE DEFENSE OF THE UNITED STATES

How we've geared the telephone system to meet today's emergency

1. How fast can we spread the word? Since the days of Paul Revere, the nation's strength in times of crisis has depended on swift, reliable communications. Today, the telephone is at work helping our military men organize their forces...at work saving minutes and hours and days in defense production plants... at work nearly everywhere uniting the strength of our millions of people.



2. Emergency facilities of our own are being added, too. Like this standby generator which can produce our own electricity in case of power line failure. Special plans have been made to rush "telephone task forces" of men and materials into strategic areas, if need be. In every way possible, we're making sure the calls keep going through...the calls which mean so much to our nation.

3. Since Pearl Harbor, we've put well over a billion dollars into telephone facilities in the Pacific West. We've made many, many technical improvements to speed and extend the service. The result: A telephone system far stronger than ever, doubled in size. Newark Couple Observe Anniversary

Last week, November 7, marked the twenty-fifth anniversary of the wedding of Mr. and Mrs. Chester Gunn of Newark.

The Gunns repeated their marriage vows at the home of Mrs. Gunn's parents in San Mateo. They are justly proud of their two fine children, Tommy, a junior at Stanford, and Rosemary, a senior at Washington High.

A pair of silver decorated crystal candlesticks were presented to them last Saturday night by the friends with whom they meet once a month to play pinochle. The group includes Mr. and Mrs. C. D. Cogswell, Mr. and Mrs. George Hinkley, Mr. and Mrs. Truscott and Mr. and Mrs. R. A. Alberts.

Baptized Sunday

Little Roxanne Loretta Dias, daughter of Mr. and Mrs. James Dias of Niles, was baptized at Corpus Christi Church, Niles, by Father O'Connor on Sunday, November 4. Godparents were her aunt and uncle, Mr. and Mrs. Frank Stewart, also of Niles.

A turkey dinner followed at the Dias home, at which time the little lady was presented a lovely gold cross by her godparents.

Also present at the dinner were the Stewart's children, John and Tonya.

The delighted honoree served coffee to her friends, and the evening was spent playing cards.

Thinking Things Over . : :

By VIVIAN BATMAN

We have a new columnist this week—Frank Vonderwerth, who will write about the new tract, Hillview Crest. Mr. Vonderwerth, in this week's column, deplores the fact that the residents have to go so far (to Hayward) for groceries.

May I suggest to Mr. Vonderwerth—and to the other Hillview Crest residents — that they can simplify everything and save gas and wear and tear on their tires, by shopping in Washington Township? We have some fine stores here, and all of our shopkeepers will be delighted to have your patronage.

It's not only much friendlier, trading in a small community where you get to know your butcher and grocer by his first name, but you also are spared most of the parking problems that arise in a larger town.

HATE ANIMALS

One of our Centerville readers is very irate, and she has every reason to be. It seems that someone threw diesel oil on her pet Siamese cat, a beautiful animal, and the poor creature suffered such pain it had to be taken to a vet for treatment.

People who mistreat animals are not to be trusted. If they mistreat animals, there is every reason to believe they would mistreat human beings.

HARVEY BY THE DOZEN

A local rabbit fancier bought a pair of rabbits, with the determination to start raising rabbits commercially. He reckoned without his wife, however. Being a softy she can't stand the thought of killing ANY of the rabbts.

Now they have 32 rabbits and the whole project is snow-balling on them so fast that they are beginning to have visions of being completely snowed in by rabbits.

Shower Given for A Recent Bride

Mrs. Walter Cunha (the former Juanita Jergens) was the honoree at a miscellaneous bridal shower given by her three sisters, Mrs. Marian McGowan, Mrs. Melvin Cunha, and Mrs. Calvin Grundy. The party was held at the McGowan home last Friday night.

Although the newlyweds are now making their home with Mrs. McGowan, they have purchased a new home in the Lincoln Tract in Centerville and expect to move shortly.

Those at the party included Mmes. Manuel Cunha, Leonard Cunha, Guido Tuana, Virgil Olson, Pauline McIvor, John Freitas, John Freitas Jr., David Freitas, Tony Goularte, Eugene Franco, Frank Gomes, Frank Cardoza, H. W. Tilkington, Albert E. Tilkington, Roy Abbott, Dan Kennedy, John Kline, Ernest Cunha, Joe Cunha, Tony Silva, Frank Cunha, Joe Ormondo, Edward Perry, Tony Corriea, Mrs. Mary Azevedo, Mrs. Rose Perry, Miss Jeanette Vieux, and Miss Doris Tilkington.

Doctor Moves to Niles

Dr. and Mrs. Albert Olson and two children have moved into their new home in Niles Manor. Dr. Olson recently came to Niles to "pinch-hit" for Dr. Lyle Buehler. The family formerly lived in San Leandro. The doctor maintains office hours at Dr. Buehler's office at 131 I Street.

DECOTO GROUP MEETS AT JOSEPH HOME FOR DISCUSSION OF S. F. CHINATOWN

By ETHEL AVILLA

A most stimulating discussion of San Francisco's Chinatown under the able leadership of Mrs. Dora Mae Scudder, was the treat enjoyed by members of the Decoto Discussion Group last Wednesday. Meeting at the home of the hostess, Mrs. Bernie Joseph, the group first enjoyed a delicious luncheon served at noon. Two new members of the group are Mrs. Boyde Morningstar and Mrs. Walter Chrysler.

In opening the discussion period Mrs. Scudder briefly outlined the history of the early Chinese settlers and the problems arising from their mass immigration to an alien land.

In many instances and by various methods, the author, Charles Dobie, pointed out that any trouble between the white people and the Chinese was mostly racial. The Americans, not understanding the Chinese, distrusted them. The French and Spanish population both exceeded the Chinese but because of similiar racial background, these people did not create fear. The Chinese were foreign in race, religion and philosophy and consequently their life in America has not always been a happy one.

E. H. Sudam with his charming pencil sketches has made the book "alive" with the atmosphere of Chinatown. He has caught the Chinese genius for transforming the mediocre into a thing of artistic beauty.

Mrs. Scudder thoughtfully brought with her a few forms of Chinese art which she displayed for the group.

Mrs. Florence Wallace will lead the November seventh meeting and she has chosen James Street's "The Gauntlet." Mrs. Ed Goularte will be the hostess.

Housewarming for Mrs. Anna Bradford

The Galloping Goose Club recently honored Mrs. Anna Bradford of Niles with a housewarming. The guests furnished a delicious pot-luck supper and gave the happy honoree—who said it was the first surprise party she had ever had—a gift of money to buy something for her home.

Those present were Dr. and Mrs. R. McCowan of Castro Valley, the Dan Marbles, the Leon Orcutts, the A. J. Caderos, Mrs. Elizabeth Best of Idaho, Mrs. Bertha Best, Mrs. Mary Dudinsky of Alvarado, Mrs. Elizabeth Mendenhall, Mrs. Celestine Welch and Mrs. Ruby Morin of San Francisco.

At Stanford-U.S.C. Game

Mr. and Mrs. Elmer Harris of Newark were two of the lucky ones who witnessed the great Stanford-U.S.C. football game in the south last Saturday. They motored down Friday and returned Sunday, with glowing reports of "the most wonderful game we have ever seen."

Newark Girl's Betrothal Told

Announcing her engagement on her birthday was Helen Elaine Fontes to John F. Rodrigues Jr.

Miss Fontes is the daughter of Mrs. Helen Fontes of Newark and Mr. Manuel Fontes, also of Newark. She is a senior at Washington High School.

Her fiance is the son of Mr. and Mrs. John F. Rodrigues of Niles. He is now farming for himself at Niles.

No date has yet been set for the wedding.

Move to Hayward

Mr. and Mrs. John Gilbertson, formerly of Niles, moved into their new home in Hayward last weekend. Mrs. Gilbertson is the former Gerry Pine. Mr. Gilbertson is a teacher at the Markham school.

The couple had everything so well managed in their moving that they were able to have a dinner guest on Sunday, Miss Frances Hayes of Niles.

WASHINGTON ENDS GRID SEASON AT SAN JOSE TODAY

The Washington High football season draws to a close this afternoon (Friday) at San Jose with the Huskies and Puppies meeting the Lick High School grid squads in a pair of crucial contests which will have a great bearing on the final results of the S.C.V.A.L. standings.

Washington, Fremont and Lick are now tied for first place in the league but all three can be dropped to second place by Los Gatos, should the Wildcats defeat Campbell's Bucaneers on November 21.

Coach Irving Hird's Puppies will be endeavoring to retain their first-place position shared with Santa Clara. Both squads have won four and tied one.

The Puppies staged their usual second-half rally last Friday on the home field to grab another 13 to 12 victory over the Los Gatos lightweights.

Coach Jud Taylor's defensive unit turned in one of its finest performances of the season but could not overcome the handicaps consistently handed the Los Gatos varsity by the bungling of the offensive team and lost 7 to 6.

Early in the opening quarter a Washington fumble was recovered by the Wildcats on the Huskie 9-yard line. The strong forward wall of the Huskies held the Wildcats for no gain in four downs.

The first quarter ended with neither team able to put together a scoring drive.

With but 45 seconds remaining in the first half, Jack Ferraris plucked a pass from "Coco" Rivera out of the air in the end zone from between two defending backs, to give the Huskies their only score.

Rich Duarte's kick for extra point struck the goal post and bounced back onto the field.

The Wildcats kicked to Washington to open the second half and three of Coach Taylor's backfield men clustered around the ball on the 20-yard line until a Los Gatos man dashed down the field and fell on the free ball, giving the Wildcats possession.

The defensive unit of the Huskies was rushed in and held on the 10-yard line.

In the closing minutes of the final quarter the Wildcats punted to the five-yard line where an attempt at deception by "Coco" Rivera and Jess Martinez backfired with Los Gatos recovering possession of the pigskin.

The Wildcats smashed over to score and kicked the extra point for the victory.

The Huskies fought hard to get back into the lead with Joe Alexander smashing the line for consistent gains down to the 10-yard line.

With 25 seconds remaining, the Huskies on the Wildcat 10-yard line with fourth down and four yards to go, Rich Duarte was called on to attempt a field goal. Despite the fact that he was kicking from the near sideline, the kick missed by inches of giving the Huskies their much-needed victory.

BEAR CATS REMAIN IN LEAGUE LEAD

By TONY ROGERS

The Centerville Bearcat Club won over the United Railroad Workers Sunday at McConnell Field, 6 to 5, to stay on top in the East Oakland League, along with the United Auto Workers.

Both clubs have four victories and no defeats and meet Sunday at McConnell Field at 2 p.m. in the game that will decide the first half winner.

Stan Roderick, for the fourth straight game, took over the pitching assignment in the late innings to save the day.

John Garcia hurler the first seven innings and part of the eighth but was relieved by Roderick after he hit a batter and issued a walk. During his seven innings of duty he struck out eight, walked four, hit one batter and allowed six hits.

All five runs scored were charged to him, but only one was earned.

Roderick struck out three men, walked two and allowed no hits.

The Bearcats were trailing 5 to 3 into the last of the eighth but soon tied up the game when Rivers doubled, Garcia was safe on an error and with two out Faria hit into right to score both runners.

In the ninth Lemos singled with one out, stole second and raced across home plate on Hillard Rose's short single over first.

Lemos led the team at bat with three for five. Marshall had two for four and Faria two for five. Lemos, Marshall and Rivers collected doubles.

CAGE SQUADS DROP PAIR TO CAMPBELL

Coach Don Wolfe's C and D basketball squads of Washington High went down to defeat last Thursday to the Campbell squads in a S.C.V.A.L. double-header.

The two losses gave each of the squads a league standing of two victories and three losses. They closed their season yesterday on the home maples against Santa Clara.

The D's were swamped by the Campbell quintet 40 to 16 for their worst defeat of the season.

The C's however, lost a heartbreaker in an overtime period. The game was knotted at 34 each at the end of the fourth quarter but the Campbell lads burned the hoop for seven points in the overtime. Mahusay led the scoring with 13 points, followed by Hird with 8 and Leach with 5.

THANKSGIVING DAY

Once again, it is time for old Father Time to give us Americans a meaningful wink, as if to say: "See? Things are never as bad as you think they might be, just as they are never so perfect as you'd like them! Look about you—look back over the average of good and bad in your life over the past year—and give thanks for all that you have."

There must be some unique ingredient in the American nature that sets us apart from all other peoples—for we are the only Nation in history that has a national holiday for the giving of thanks for the good things of life.

We do an awful lot of grousing in this country; and possibly this because we are an ambitious, energetic people—always wanting something better than we have, and striving to get it, and feeling and showing disappointment when we fall short of our aims. If our grousing and discontent is a basis for our having achieved a far higher standard of living than any other people—then that discontent, transmitted into progress, is well worth while.

But this makes our Thanksgiving Day a most useful day, a mentally healthful day for reflection that we have so much more to be truly thankful for than we have to complain about. On all days of the year, people are sick or in trouble or sorrow. Yet an enormously greater number are at the same time hale, hearty and pretty happy. Perhaps we cannot, to a degree, help being like the old pessimist who said on his deathbed: "I've had a lot of terrible things to worry about all my life—but, come to think of it, most of them never happened."

Let's all grab a drumstick—and be thankful!

CATHOLIC CHURCHES SEEK CLOTHING

The Catholic churches of Washington Township will join with the other parishes of the archdiocese next week in a nation-wide "Thanksgiving Clothing Collection" for the war-stricken of Korea and the refugees of Europe and the Near and Far East.

The appeal, conducted under the auspices of the War Relief Services-National Catholic Welfare Conference in over 14,000 Catholic churches of the country, is scheduled for Thanksgiving Week, November 18 to 25.

The drive seeks to collect useable articles of clothing, shoes, and blankets for immediate shipment to the stricken areas.

Over five million homeless Koreans and more than 12 million dispossessed in Europe and the Near and Far East will be forced to face another winter with a pathetic lack of clothing unless they received help in sufficient quantity from abroad, according to Rev. Robert W. McDonald, regional director of the drive for Alameda County.

Blankets, shoes and other articles of clothing may be taken to any Catholic church, which will serve as a collection depot. Distribution will be made solely on the basis of need, without regard to color, race or religion.

The first transatlantic radiotelephone communication was established between New York and London on March 7, 1926.

CARD OF THANKS

Because it is impossible for Dr. Buehler to answer personally all the letters written to him by his friends and patients expressing their "get well" wishes, he wants to take this opportunity to convey to his friends his deep appreciation of their concern, and to let them know that each day finds his health improving. The letters and well-wishes from township people have contributed in a large measure to the cheerful state of mind he has maintained during his convalescence.
